FIRE SPRINKLER SYSTEM
CONTRACTORS LICENSE BOND
Level III - Level "U"

Bond No. _____

License No. _____

Required by the Fire Sprinkler Contractor's Act
Chapter 177, Laws of 1990, ch. 18.160 RCW
and
Chapter 6, Laws of 1991 1st Ex. Sess.

_____ doing business as _____
as Principal, and _____ a corporation organized and existing under the laws
of the State of _____ and authorized to transact surety business in the State of Washington, as Surety,
by this bond bind ourselves and our heirs, executors, administrators, successors, and assigns, jointly and severally, to pay
the State of Washington the penal sum of TEN THOUSAND DOLLARS (\$10,000.00) lawful money of the United States of
America.

The principal has applied for a Fire Sprinkler System Contractor's license from the Fire Protection Bureau of the Washington
State Patrol. The Principal is required by ch. 6, Laws of 1991, 1st Ex. Sess. to furnish a continuous licensing bond in the penal
sum of TEN THOUSAND DOLLARS (\$10,000.00) with good and sufficient surety. The bond must be conditioned as required by
ch. 6, Laws of 1991, 1st Ex. Sess., §1

THE ABOVE OBLIGATION IS CONDITIONED THAT the Principal will pay all purchasers (as defined in ch. 6, Laws of 1991, 1st
Ex. Sess., §1) of fire sprinkler systems with whom the principal has a contract for the Principal to install, inspect, maintain, or
service a fire protection sprinkler system and who have obtained a judgement against the Principal for the breach of that
contract.

NOW THEREFORE, if the Principal pays all purchasers of fire protection sprinkler systems who have obtained a judgement
against the Principal for breach of contract for installation, inspection, maintenance, or servicing of those systems, then the
obligations of the Principal and Surety under this bond shall be null and void. Otherwise, the obligations remain in full force
and effect.

Any purchaser of a fire protection sprinkler system that has a claim against the Principal for the breach of a contract with that
purchaser to install, inspect, maintain, or service a fire sprinkler system or any part of such system may bring suit on this
bond in the superior court of the county in which the work was done, or of any county in which the court has jurisdiction over
the Principal. No person other than a party to such a contract has any rights against this bond. The suit must be brought
within one year of the expiration of the Principal's license or renewal license then in effect at the time of the alleged breach of
contract. In no case shall the surety be liable for any claim not included in ch. 6, Laws of 1991, 1st Ex. Sess.

PROVIDED, that this bond shall not be liable for any liability of the Principal for tortuous acts, whether or not such liability is
imposed by statute of common law, or is imposed by contract. This bond shall not be a substitute for or supplemental to any
liability or other insurance required by law or contract.

This bond shall become effective _____ and shall remain in force until the earlier of (1) the date the
Principal's license is suspended or cancelled, or (2) 45 days after the Surety gives notice of its intent to cancel the bond to the
Principal and to the Director of Fire Protection Services. The aggregate liability of the Surety for all claims regardless of the
year in which the claim accrued, shall not exceed the sum of TEN THOUSAND DOLLARS (\$10,000.00) regardless of the
number of years this bond is in effect, or whether it is reinstated, renewed, reissued, or otherwise continued.

THIS BOND SHALL BE VOID IF THE PRINCIPAL DOES NOT FILE THIS BOND WITH THE DIRECTOR OF FIRE PROTECTION
SERVICES WITHIN THIRTY DAYS OF THE DATE THE BOND WAS EFFECTIVE.

IN WITNESS OF THIS CONTRACT, the Principal and Surety have affixed their signatures this _____ day of
